The main features:

It is a modern videodoorphone equipped with an ultra slim LCD monitor with smooth adjustment of parameters (brightness, color contrast, volume tone & conversation), 16 selectable ringtones, a touch panel with backlit buttons. External panel with camera requires surface mounting. It's equipped with infrared lighting that enables night vision, backlit place for name. Numeric keypad (which is illuminated at a low light intensity) enables setting the time of the lock opening and change of the opening code. Intercom function is available after using an additional monitor. DC power supply from the power supply to the 15V DC socket or, optionally, from the power supply to the OR-VID-VP-1009ZD DIN rail. 12V electric strike with power consumption of no more than 300mA does not require additional power supply.
